

## Safety Data Sheet

### **IMPORTANT**

Read this SDS before handling and disposing of this product and pass this information on to employees, customers and users of this product.

#### **1. IDENTIFICATION**

##### **1.1 Product Identifier**

Product Name	PoliPOP Plus
--------------	--------------

##### **1.2 Relevant identified uses of the substance of mixture and uses advised against**

Product Use	Professional dental use only.
Description	Dental Product

##### **1.3 Supplier of the Safety Data Sheet**

Company Name	Perfection Plus Ltd
Company Address	6 Westwood Court, Brunel Road, Totton, Hants. SO40 3WX. UK
Company Phone No.	+44 (0) 2380 866 677
Website	www.perfectionplus.com
Telephone	0044 (0) 2380 866677
Email	Regulatory@perfectionplus.com
Email address of Competent Person	Regulatory@perfectionplus.com

##### **1.4 Emergency telephone number**

Emergency telephone number	0044 (0) 230 866 677 (8am – 5pm Monday to Friday)
----------------------------	--

#### **2. HAZARDS IDENTIFICATION**

##### **2.1 Label Elements**

Hazard Statement	No significant
------------------	----------------

##### **2.2 Other hazards**

Other hazards	PBT. vPvB. Not applicable.
---------------	----------------------------

#### **Further information**

Medical devices as defined in Directive 93/42/EEC and which are invasive or used in direct physical contact with the human body, are exempted from the provisions of regulation (EC) No 1272/2008 (CLP/GHS) usually if they are in the finished state and intended for the final user.

#### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

##### **3.1 Substances**

##### **Component 1: Polyester film coated with aluminium oxide grains bonded with hardened Acrylate and Polyester resins**

Polyester film, (CAS Number 25038-59-9), a film manufactured from polyethylene terephthalate, coated with aluminium oxide grains (CAS Number 1344-28-1), bonded with hardened Acrylate and Polyester resins.

##### **Component 2: Polyvinyl Chloride moulding**

Polyvinyl Chloride coating (CAS Number 9002-86-2). A thermoplastic material derived from oil and sale. The vinyl chloride monomer is formed by combining ethylene (obtained from oil) with Chlorine (produced from the electrolysis of salt water) vinyl chloride monomer molecules are polymerised to form PVC resin, to which additives are incorporated to make a customised PVC compound.

Note:- Solvents Butyl Acetate and Xylene are used in the production process and are completely removed at the high temperature drying stage of production.

#### **4. FIRST AID MEASURES**

##### **4.1 Description of first aid measures**

Inhalation	Not applicable
Eye Contact	In case of accident or accidental contact with the moving instrument call a physician.
Skin contact	Do not use in case of a specific allergy. In case of permanent irritation, call a physician.
Ingestion	Accidental ingestion is not harmful, consult a physician if necessary.

#### 4.2 Most important symptoms and effects, both acute and delayed

Inhalation	No data available
Eye Contact	No data available
Skin contact	No data available
Ingestion	No data available

#### 4.3 Indication of any immediate medical attention and special treatment needed

Inhalation	No data available
Eye Contact	No data available
Skin contact	No data available
Ingestion	No data available

#### General information

	If you feel unwell, seek medical advice (show the label where possible).
--	--

### 5. FIRE FIGHTING MEASURES

#### 5.1 Extinguishing media

	Water spray, alcohol resistant foam, dry chemical, carbon dioxide.
--	--

#### 5.2 Special hazards arising from the substance or mixture

	Not applicable
--	----------------

#### 5.3 Advice for firefighters

	Not applicable
--	----------------

### 6. ACCIDENTAL RELEASE MEASURES

#### 6.1 Personal precautions, protective equipment and emergency procedures

	Used rotary instruments should be considered as contaminated and appropriate handling precautions should be taken following a clinical procedure and during disposal. Gloves, eye protection and a mask should be worn. Do not wash off with water or flush to drains because material is principally non-biodegradable. This product may be Incinerated or landfill in compliance with local and national regulations
--	--

#### 6.2 Environmental precautions

	Not applicable
--	----------------

#### 6.3 Methods and material for containment and cleaning up

	May be swept up or mechanically collected
--	---

#### 6.4 Reference to other sections

	See section 13 for disposal information.
--	--

### 7. HANDLING AND STORAGE

#### 7.1 Precautions for safe handling

	There are no specific handling requirements, store in clean dry conditions at room temperature (12-28°C) and away from light.
--	---

#### 7.2 Conditions for safe storage, including any incompatibilities

	None known.
--	-------------

#### 7.3 Specific end use(S)

	For professional use in dentistry only.
--	---

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### 8.1 Control parameters

#### 8.2 Exposure controls

Provide adequate ventilation. Local exhaust at processing equipment to keep particulate below 15mg/m<sup>3</sup> (OSHA limit for particulates not otherwise regulated).

**8.2.1 Appropriate engineering controls**

	Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday
--	---

**8.2.2 Individual protection measures**

Eye/face protection	Wear eye / face protection equipment. Safety glasses with side-shields, conforming to EN 166.
Skin protection – Hand protection	None under normal processing
Respiratory protection	Not applicable.

**8.2.3 Environmental exposure controls**

	Not applicable.
--	-----------------

This product should be used in conjunction with rotary handpieces that conform with ISO 14457.

**9. PHYSICAL AND CHEMICAL PROPERTIES**
**9.1. Information on basic physical and chemical properties**

Appearance	Flexible polyester disc with abrasive layer, Polyvinyl chloride moulding	Flammability Upper/Lower levels	Not determined
Colour	Various	Vapour pressure	Not determined
Odour	None	Vapour density	Not determined
Odour threshold	Not determined	Relative density	Not determined
pH	Not determined	Explosive properties	Not determined
Melting/freezing point	Not determined	Oxidising properties	Not determined
Boiling point	Not determined	Evaporation rate	Not determined
Flash Point	<150°C	Solubility in water	Insoluble

**10. STABILITY AND REACTIVITY**
**10.1 Reactivity**

	No data available.
--	--------------------

**10.2 Chemical stability**

	Stable under recommended storage conditions and normal temperature.
--	---

**10.3 Possibility of hazardous reactions**

	No dangerous reactions known
--	------------------------------

**10.4 Conditions to avoid**

	Heating above 150°C
--	---------------------

**10.5 Incompatible materials**

	Strong acids, oxidising agents
--	--------------------------------

**10.6 Hazardous decomposition products**

	Decomposition will not occur.
--	-------------------------------

Hazardous polymerisation will not occur

**11. TOXICOLOGICAL INFORMATION**
**11.1 Information on toxicological effects**

Acute toxicity	Based on available data, no risks are known
Skin corrosion/irritation	Based on available data, no risks are known
Serious eye damage/irritation	Based on available data, no risks are known
Respiratory or skin sensitisation	Based on available data, no risks are known
Germ cell mutagenicity	Based on available data, no risks are known

Carcinogenicity	Based on available data, no risks are known
Reproductive toxicity	Based on available data, no risks are known
STOT-single exposure	Based on available data, no risks are known
STOT-repeated exposure	Based on available data, no risks are known
Aspiration hazard	Based on available data, no risks are known
Repeated or prolonged exposure	Based on available data, no risks are known

#### 11.1.4 Toxicological Information

No specific data available to this product in its moulded state.
--

## 12. ECOLOGICAL INFORMATION

### 12.1 Toxicity

Aquatic	Very low toxicity
---------	-------------------

### 12.2 Persistence and degradability

No data is available on this product.
---------------------------------------

### 12.3 Bio accumulative potential

No data is available on this product.
---------------------------------------

### 12.4 Mobility in soil

No data is available on this product.
---------------------------------------

### 12.5 Results of PBT and vPvB assessment

No data is available on this product.
---------------------------------------

### 12.6 Other adverse effects

No data is available on this product.
---------------------------------------

## 13. DISPOSAL CONSIDERATIONS

### 13.1 Waste treatment methods

Used rotary instruments should be considered as contaminated and appropriate handling precautions should be taken following a clinical procedure and during disposal. Gloves, eye protection and a mask should be worn. Handling, storage, transportation, and disposal are generally performed similarly to those of other biological wastes designated by the national or local government regulations. Incinerate or landfill in compliance with local and national regulations.
---

#### General information

18 WASTES FROM HUMAN OR ANIMAL HEALTH CARE AND/OR RELATED RESEARCH (except kitchen and restaurant wastes not arising from immediate health care). 18 01 wastes from natal care, diagnosis, treatment or prevention of disease in humans. 18 01 06 chemicals consisting of or containing dangerous substances.
---

#### Disposal Methods

For disposal within the EC, the appropriate code according to the European Waste Catalogue (EWC) should be used.
--

## 14. TRANSPORT INFORMATION

No specific instruction.

### 14.1 UN number

n/a
-----

### 14.2 UN proper shipping name

n/a
-----

### 14.3 Environmental hazards

Environmental hazards	No
Marine pollutant	No

### 14.4 Special precautions for user

Read safety instructions, SDS and emergency procedures before handling.
---

### 14.5 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

	No data available.
--	--------------------

## 15. REGULATORY INFORMATION

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Regulations	These instruments are considered manufactured 'articles' and as such are exempt from Safety Data Sheet requirements. These products are considered non-hazardous when used according to accepted practices for the intended use. As a courtesy to our customers this document is to provide basic guidance for safe handling, use, storage, transportation and disposal. The information is not to be considered a warranty or detailed quality specification and relates only to the specific instrument and materials designated to them.
-------------	---

### 15.2 Chemical Safety Assessment

	No data available.
--	--------------------

## 16. OTHER INFORMATION

### Other information

Articles as defined in OSHA Hazard Communication Standard, Section 1910.1200 These instruments are considered manufactured "articles" and, as such are exempt from Material Safety Data Sheet requirements. These products are considered non-hazardous when used according to accepted practices for the intended use. As a courtesy to our customers this document is to provide basic guidance for safe handling, use, storage, transportation, and disposal. The information is not to be considered a warranty or detailed quality specification and relates only to the specific instrument and materials designated herein.

### Further information

**This product is manufactured by Stoddard Manufacturing Ltd, Blackhorse Road, Letchworth Garden City, Herts, SG16 1HB, UK and the contained SDS information is supplied by them.**

The information used in this SDS is believed to be correct however, the information is provided without any warranty, neither expressed nor implied, regarding its correctness.

This SDS is relevant for large quantities of product, the instructions for safe use of quantities typically used during a normal procedure is as referenced in the Instructions for Use.

The conditions or methods for handling, storage, lone use and/or in combination with other products and disposal are beyond our control.

For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product.

This SDS was prepared and is to be used only for this product. If the product is used as a component in or in combination with another product, this SDS information may not be applicable.
