

**RestorePLUS is a universal nano hybrid light cure restorative suitable for both Anterior and Posterior teeth.**

As a nano hybrid composite it offers an easy to use, reliable solution for a wide range of restorative needs.

The advanced particle technology provides excellent wear resistance, aesthetics and radiopacity.

The VITA® shades offer excellent colour matching and stability.

Superb handling characteristics include being easy to finish with a high-quality final polish and overall aesthetic.

### Technical Data

Flexural Strength	130 MPa
Compressive Strength	330 MPa
Vickers Hardness	62
Wear Resistance	0.52 Weight %
Filler Content	83%
Average Filler Size	0.8µm
Radiopacity	3.4 Al: mm
Containing Fluoride	Yes

### Product Indications

- Direct restorations that require optimum aesthetics and bio-compatibility
- Direct cosmetic tooth modifications
- Class III, IV and V cavities
- Restoration of cervical erosion and root caries;
- Class I and selective Class II cavities
- Repair of fractured incisal edges
- Laminate veneers
- Core build up

### Delivery System

- 4g syringe
- 20 x 0.25g capsules
- Kit – contents 4x4g syringes, 1x5ml PerfectEtch & 1x 5ml Connect+ Bond
